Premium Australian Engineered Hardwood

LUXURY IN ANY SPACE BRINGS THE FEELING OF STYLE AND SOPHISTICATION, AND STARTS FROM THE FLOOR UP.

First Floors is a premium engineered floor, with its slightly textured surface and modern matt oil finish it is the perfect choice for interiors of distinction. With the coastal golden rays of Blackbutt, the attractive wild warmth of Spotted Gum and the deep rich tones of Roasted Peat this boutique collection offers only the finest from our Australian species.

Roasted Peat, is an Australian Hardwood that has been through a thermal modification process that uses no chemicals to permanently alter the structure of the wood fibre. This process greatly increases the stability and density of the hardwood, as well as locking in the gorgeous deep earth to chocolate brown colour tones.
